Lachlan Kennedy, D.L.S., arrived in town on Wednesday by skiff. This is the second time Mr. Kennedy came down the river alone in a small boat. He was thirty-four days making the trip, including stoppages at all settlements along the river. Lots of game were seen, but no incident worthy of note occurred. The river is low and sandbars very numerous. Mr. Kennedy has several books and papers which he is agent for.

John Stewart and his little daughter, Nellie, met with a very severe and painful accident last Monday which has confined them to their beds ever since. Mr. Stewart was driving from the west end and when near the Government road the horse shied and ran into the drain overturning the buggy and throwing the occupants out. Mr. Stewart was badly cut across the top of the head and was otherwise severely shaken up. The little child had a finger broken and received internal injuries from which she was picked up insensible, but afterwards soon became conscious. They are both progressing very favorably and it is to be hoped they will soon be around again. The rig was a total wreck. The horse fell and became entangled in the harness could not rise until released.

RAILWAYS.

The railway excitement appears to have quieted down lately, no doubt owing to the belief that we have done all that we could, and that we believe or expect that the offer made by the Government to the Long Lake road will be accepted and the road built to Saskatoon this year. From statements made by Mr. Macdowall to Winnipeg papers, it would appear that he is perfectly confident that work will be commenced shortly and be prosecuted with vigor until fall, and that one hundred and sixty miles will be built by that time. It will be a grand thing for the District if such proves to be the case—of which we have no doubt—but we would like to hear of the work being started. The season is not long, and no company can afford to lose much time if they expect to build to the river. The Battleford Herald thinks that the offer should have included the extension of the road to that point, as well as to Prince Albert. We think so too. But the Herald must remember that while we have sent delegates to Ottawa and spent money as well as shouldered the odium of being called rebels and other hard names in our endeavors to secure a railway, that burg has done nothing in the same direction. Let Battleford go to work next session, or now, and ask for the much desired and greatly needed boon, and we have no doubt but that they will be as successful as we have been, and we will not withhold a helping hand. We are pleased to notice that Edmonton is likely to have a railway to connect with the C. P. R. at Calgary at an early date. Thus will another of the best districts in the Northwest be opened up to settlement, and its varied resources be developed. The Saskatchewan country is destined to be the homes of millions, and to become one of the most prosperous parts of the Dominion. It has long enough remained a sealed book to immigrants. Its days as a haunt for wild animals has passed away. The time has come when it should yield its riches of forest, mine and prairie to those who are or by waiting a means of ingress in order to subject it to the purposes for which it is so pre-

eminently adapted. Give Saskatchewan railways, and the rest will follow.

Considering the crusade that has for some time past been preached against the Dominion Government, on account of the allowance of the Jesuit Bill, it seems rather strange that when the other day one of the few Protestant ridings in the Province of Quebec was opened the question was not even raised. The anti-Jesuits allowed Campton to go by default, Mr. Rufus Pope, a son of the late Minister of Railways, being elected by a large majority. The Protestants of Quebec do not seem to be alarmed to nearly the same extent as their co-religionists in Ontario, and we think if the former are satisfied with the action of the Dominion House, the latter should not worry about it.

The season has so far been most favorable for the crops, and present indications are in favor of a good harvest. We have had one or two slight frosts this month, but no damage has been done, except in one or two localities to garden stuff. We are not alone, however, in that misfortune, as the North-western States and Eastern Canada have suffered to an even greater extent from spring frost than this district. Now that seeding has been finished, we are able to state that the area under crop in the Prince Albert district is greater than that of last year, and the chances of a good harvest are much better at present than at the same period of 1888.

The experiment of executing capital punishment by electricity will soon be tried in New York State in a practical manner. The first victim will be Wm. Kemmeller, who murdered his mistress in Buffalo, March 20th. The sentence will be carried into effect at Auburn State prison. The judge sentencing the criminal simply names the week in which the execution shall occur, which must not be until four weeks, but must be within eight weeks after the sentence. The prisoner is taken to Auburn within ten days after the sentence, and there kept until the end. The warden fixes the day and hour for the execution, but the fact is not made public. Those present at the execution are to include but a few officials and scientists, and all newspapers are forbidden to publish a report of the event. The newspapers generally flout and deride the last feature of the law, and express a determination to defeat it.

Lawn Tennis and Croquet Sets at E. J. Cann's Book Store.

R. Wylda, of Battleford, is in town this week buying cattle.

A light drizzling rain began falling last night but it did not last long, although there is every indication to-day of a long continued shower.

THE TACOMA REGATTA.

TACOMA, W.T., May 18.—The regatta to-day was a great success. Twenty-five thousand people witnessed the races and the course was pronounced by all, the finest in the world. The heights were covered with sight-seers and the bay covered with crafts of all kinds, but everyone had a good view of both start and finish of all the races. The minor events were well contested. The great race started about 6 o'clock. O'Connor led from the start and was ahead in turning the flag; time, 5:01; Lee second, Peterson third, Hamm fourth. Hamm's flag had drifted about two boat lengths further out than the others. After turning Peterson forged ahead of Lee and O'Connor, but the latter gained his lead and came in ahead. Time 14:02; Peterson, 14:04; Hamm made a splendid race and came in third in 14:14, with Lee fourth, in 14:15. Hamm had 120 feet to pull farther than the rest. The course was two and a quarter miles. O'Connor is highly thought of here and he can get lots of backing on the Pacific slope against the Australians.

The Prince Albert cricket club are getting their new grounds on the McKenzie estate in proper order, and practice will commence at once. Tuesday, Thursday and Saturday evenings has been set apart for regular practices. The members of the club should attend these practices as regularly as possible, the club intending to have a series of interesting matches this season with a strong eleven from the Police club.

TERRITORIAL NEWS

EDMONTON.

From the Bulletin, May 11.

Wheat reported looking well all over the country.

The river has risen sufficiently to allow the upper ferry to run.

The rate of taxation in East Edmonton school district has been struck at three mills on the dollar.

The rapid growth of vegetation during the past week has removed the danger of prairie fires for this season.

Beef by the carcass is worth 8c to 9 1/2c a pound. Retail, 10c to 12 1/2c and 15c. Eggs, 20c to 25c a dozen, and plentiful. Butter 25c a pound, and plentiful.

V. Anderson and Jas. Sproule arrived from Calgary on Saturday with six horse teams, loaded chiefly with four per cent. beer for the various hotels in town.

Although the spring has been unusually dry and windy, grain generally shows an excellent growth. A great deal of the wheat and oats is now above ground. Very little barley has been sown yet, as it is considered rather early. There is no doubt that the frost coming out of the ground is what has given the grain its start in the absence of other moisture. Grass shows an excellent growth as well as grain.

BATTLEFORD.

From the Herald, May 15.

Most of the Mounted Police who were sent to the hospital last week with fever are convalescent.

It is reported that R. Wyld has secured the contract for supplying beef to the Indian Department for Battleford agency.

The rate levied by the Board of Protestant school trustees in this district for the current fiscal year is four and a half mills on the dollar.

On Monday last Mr. and Mrs. J. B. Parker left for Winnipeg, where Mr. Parker will be fortunate enough to meet his father, now out from England on a visit to Manitoba.

On Monday a party consisting of Hugh Ross, of Prince Albert, John G. Lukater, Edward and Tom Taylor, of Bressay, pulled out for Montana, where they hope to get work for their teams. Their immediate destination is Fort Assiniboine.

The Bishop of Calgary and Saskatchewan is timed by his programme to be at Edmonton on Sunday next, 19th. As soon as he is through with his business there he will come down the Saskatchewan in a skiff, and expects to get here about the end of the month.

On Tuesday night of last week snow fell to the depth of several inches, and on Wednesday it continued to come at intervals, mixed with sleet. It disappeared entirely next day, and the weather became once more warm and pleasant. It gave the ground a thorough wetting, and will prove of immense value to the crops.

REGINA.

From the Journal, May 16.

Mr. Geo. B. Murphy, of Qu'Appelle Station, received notification on Saturday last that he had been appointed sheriff for Eastern Assiniboia. Mr. Murphy paid a visit to Regina on Tuesday. He will reside at Moosomin in the future. Eastern Assiniboia, as well as Mr. Murphy, is to be congratulated on this appointment.

Immigration Agent Stenshorn reported to the Board of Trade on Thursday morning last 321 new arrivals this spring, with about \$50,000 in cash and effects. Since last week about thirty have arrived.

Alternate showers and sunshines. The effect is wonderful on the growing crops. Farmers find considerable difficulty in complaining against this weather.

Regina sportsmen reported high-bush rabbits last season, but the Macleod Gazette goes one better, and assures us that "Wild turkeys grow on trees near Macleod."

A letter read at the Board of Trade Council this morning from Mr. Hamilton, of the C.P.R., states that farmers excursions from the east were being arranged. Fares to points as far west as Moosomin, \$28; and to other points in the Territories, \$35.

QU'APPELLE

From the Vidette, May 16.

Mr. A. J. McNeill, accompanied by Mrs. McNeill, passed through the Fort, on their way to Stobart.

A number of Police camped here, the end of last week, two or three days. They were en route to Prince Albert with a band of horses.

The Rev. A. Campbell, of File Hills, and W. S. Moore, of Balgonie, left on Monday for Winnipeg, to attend the Synod of Manitoba and the Northwest Territories.

Mr. H. Mitchell, M.L.A., of Duck Lake, has returned from the east, bringing with him three thoroughbred Polled Angus cattle, purchased from the farm of the late Hon. J. Pope, Cookshire, Quebec. He passed through here on Tuesday for home.

FORT MACLEOD.

From the Gazette, May 16.

The river is rising fast.

The new postal regulations came into force here this week.

Police parties are still out after the nine Bloods who have been stealing horses across the line.

On Tuesday morning quite a lot of snow fell at Pincher Creek, but did not remain on the ground any time.

Mr. Kean has in his garden here an apple tree in full bloom. The tree has only been planted two years, and this season is literally a mass of blossoms. Mr. Kean is waiting anxiously to see how the fruit will pan out.

LETHBRIDGE.

From the News, May 15.

Supt. Neale will take charge of A Division N. W. M. P., with headquarters at Maple Creek. Supt. Antrobus goes to Battleford.

Messrs. Bruce & Oliver started to work last week in their brickyard. Owing to the wet weather of the past few days, not much headway has as yet been made.

A despatch was received to-day by Stock Inspector Matthews from Russell B. Harrison, secretary of the Montana Stock Growers Association, who states that nine Blood Indians and one half-breed, or white man, from the north, had stolen forty head of horses from the Crown on the Yellowstone May 3rd. It is expected the thieves will attempt to cross the Missouri river at the Coal Banks or at Portage coulee. Inspector Matthews will make every effort to head them off.

Another rain storm started here Monday morning, and the rain continued to fall steadily all day Monday and until about four o'clock Tuesday afternoon, when the clouds began to break and the sun came out. The grass and crops will be greatly benefited by the recent showers, and the ranchers are well pleased and busy finishing their seeding.

Quite an acreage of grass seed of different kinds is being put in this season in this vicinity. Several of the largest sowers are putting in from fifteen to twenty acres each in Millet, Hungarian grass and Alfalfa. The acreage of all kinds of small seeds this spring is far in excess of any previous year.

MEDICINE HAT.

From the Times, May 17.

Fishing continues to be the fashionable sport. Some fine pike and pickerel were taken this week.

A. W. R. Marklay, general agent for the Confederation Life Association in the Northwest, registered at the American yesterday.

A car load of horses arrived here on Thursday for Sir Lester Kay's farm, and just as they were unloaded the whole lot stampeded. Mgs. Gifford succeeded in capturing all except five.

Manager Morrison, of the Bow River ranch, registered at the American on Friday. He was on his way east with three car loads of horses, which he will offer for sale in Manitoba. One car load was driven across country from Belly river; the other two were loaded at Calgary.

CALGARY.

From the Herald, May 15.

The Lord Bishop held a confirmation service at the Cathedral Church of the Redeemer last evening. There were six candidates.

Another party of English immigrants arrived at Calgary direct this morning. They report stormy weather on the ocean voyage.

Some forty-five immigrants occupied the premises over the court house yesterday. The crying of babies, the whistling and dancing of the boys, the occasional barking of a dog, together with the clatter of pots and pans, added to the arguing of learned counsel below, made up rather a medley of sounds at the sitting of the Supreme Court.

THE RIFLE.

At a council meeting of the Saskatchewan Rifle Association held in the Town Hall on Thursday evening last, it was decided that the association accept Supt. Perry's offer to use the Police ranges for the coming annual meeting, which begins August 1st. The secretary made known the result of the Territorial match which was shot off on the 25th May between the five associations on their own range. The match was at 200, 400 and 500 yards, five shots at each with Snider Enfield rifle, but as only Prince Albert and Battleford had that rifle the others were allowed to shoot with any rifle, and notwithstanding that the Prince Albert team were victors with 446 points, Battleford second with 444; then came Melfort, 427; Fort Saskatchewan, 395; Regina, 333. The shooting of our local team at 500 yards was not as good as it might have been owing to the very strong fish-tail wind that was blowing. The following are the scores at the different ranges of the Prince Albert team, Corp. Kerr leading with the good score of 64—

FAREWELL DINNER

A very pleasant evening was spent at the Queen's Hotel on Wednesday evening last. The occasion was a farewell dinner given by Mr. Thomas McKay to Chief Factor Belanger, of the H. B. Co., who is leaving his old Post on the Saskatchewan for Norway House, where he will be stationed in future.

The chair was occupied by Mr. Thos. McKay and the vice-chairs by Captain Craig and Mr. T. N. Campbell. The bill of fare was splendid and the dinner served up in Mr. Oram's best style.

After the eatables had been disposed of, the chairman proposed the usual loyal toasts, which were duly honored. He then asked all present to fill their glasses and drink to the health of Mr. Belanger, the guest of the evening. In doing so, Mr. McKay made some happy remarks and expressed regret that Mr. Belanger was about to leave the Saskatchewan for a more distant field of labor. It is needless to say that the toast was most enthusiastically received and honored, everyone present sharing in the general regret at Mr. Belanger's departure.

Mr. Belanger, on rising to respond, said that he could not find words in either English or French through which to express his feelings but that he could do better in Cree. He then made a speech in that tongue, but as our reporter is ignorant of the language we are unable to give it.

Capt. Craig, from the 1st vice-chair, proposed "The Legislative Assembly," coupled with the names of Messrs. Plaxton and Betts, both of whom made short speeches in reply.

The next toast was the "N. W. M. Police," responded to by Insp. Huot.

The second vice-chair then proposed "The Town Council," and was responded to by Coun. Davis, and after came "The Ladies," by Mr. W. R. Gunn.

A number of songs were sung during the evening by Messrs. Agnew, Johnson, Huot, Wyldie and others.

After the regular programme had been finished a number of volunteer toasts were proposed and songs and speeches were the order of the evening. This was one of the most pleasant evenings ever spent in Prince Albert. Three cheers were given for Mr. Belanger on taking his departure and he left with a promise to visit his friends on the Saskatchewan as soon as occasion would permit. Among those present were:—

Hon. L. Clarke, Wm. Plaxton and J. F. Betts, M. L. A., R. S. McKenzie, Duck Lake; J. L. Johnson, Major Young, Jas. Macarthur, H. W. Newlands, J. W. Macanley, W. V. Macleise, S. Brewster, W. R. Gunn, Capt. Craig, T. N. Campbell, Insp. Huot, N. W. M. P.; Jas. McKay, Thos. E. Baker, R. Wyldie, of Battleford; Geo. D. Northgraves, R. C. Wignmore, G. C. McLeod, T. O. Davis, R. Gwynne, Jos. M. Coombe, J. A. Macdonald, J. Letellier, L. J. Clarke, P. M. Barker, P. Lafondie, F. C. Baker, W. Tait, C. Adams, R. J. Pritchard, T. J. Agnew, R. B. Way.

Men's Rubber Coats and Ladies' Circars just received at F. C. Bakers.

GENERAL NEWS.

St. John, May 21.—Advices from the Bay of St. George represent that the relations between Newfoundland and French fishermen on the disputed French shore are reaching a crisis. The commander of the British war ship Lily has issued a proclamation to the effect that he will not allow Newfoundland fishermen to set their nets to catch herring, and if they did so he would confiscate the nets. An indignation meeting was held, at which strong language was used.

Halifax, May 21.—While E. Battersley, of the Acadia mines, was guarding on the edge of a ravine, fifty feet deep, his horse and cart went over the edge. Battersley was dragged with them and was dashed to pieces below. His daughter tried to save him and had a narrow escape, being badly bruised.

Breche, Ont., May 21.—D. M. Beaul, farmer and implement agent, of Breche, was pulled over the dashboard of his buggy and kicked in the head by his runaway horse. His skull is fractured, and he will probably die.

Locknow, May 21.—Through a horse running away on Saturday evening, L. McIntosh and wife were thrown from a buggy five miles from here, and it is feared were fatally injured.

Hamilton, May 21.—An anti Jesuit mass meeting was held last night, and some strong resolutions were passed. A committee was appointed to urge the disallowance of the Act.

Toronto, May 21.—The Liberals are arranging for an immense mass meeting to be held in the suburbs of the city during the summer.

Ottawa, May 21.—Sir Leonard Tilley left last night for the west.

It is understood Hon. Mr. Dewdney is endeavoring to get the C. P. R. to extend their cheap excursions to Broadview, Indian Head, Qu'Appelle, Regina, Moose-jaw and intermediate stations.

Quebec, May 21.—498 houses were burned in the St. Sauveur fire. The insurance amounts to \$168,850, and the total loss is over 400,000. Subscriptions to the relief fund are coming in from all sides.
